Royal Manchester Golf Links in Mount Wolf, PA

Welcome to the fourth annual Katie Kup!

Thank you to everyone who helped us make this event a success. We hope that everyone enjoys their day on the course and we look forward to seeing you again next year at Katie Kup 12.

Thank you for your support,
Jason and Denise Herb

Mission Statement:

The Katie Herb Foundation was founded in memory of Katie Dorthy Herb, an infant who died of a congenital heart defect called hypoplastic left heart syndrome. To honor her life, our mission is to help other families that are suffering from the emotional and financial stress of a congenital heart defect. Specifically, the organization will provide scholarships to students that suffer from congenital heart defects, financial assistance to families that have a child diagnosed with a congenital heart defect, and funding for medical research for congenital heart defects and hypoplastic left heart syndrome.

KHF Supporting Families with Congenital Heart Defects - Jillian Shallock's Story

Jillian Ryan Shallock was born on July 21, 2010 with a Congenital Heart Defect known as Cardiomyopathy. Jillian's Cardiomyopathy was not only rare, but would require, at some point, a heart transplant. After only being home with her family for several months, things took a turn for the worse in early November 2010. Jillian was transported via ambulance to CHOP and the doctors told the family it was time. On December 1, 2010 Jillian was placed on the Heart Transplant List as the highest priority, 1a.

After almost two months in the Cardiac Intensive Care Unit, the prayers of the Shallock Family were answered. On January 25, 2011, Jillian received her new heart. On February 8, 2011, Jillian was finally home with her family. Yesterday, June 25, 2011, marked 5 months post-transplant for Jillian. She is doing so well you would never know that she was sick by looking at her.

You can see from her adorable picture...she has beautiful eyes and an infectious smile. We wish Jillian and her family the best and look forward to hearing more incredible updates. Dream Big Jillian!
