What is PASBO?

Smart Business + Informed Decisions = Great Schools

The Pennsylvania Association of School Business Officials (PASBO) is a statewide association, 3,000 members strong, devoted to helping the business of schools stay on the right track through education, training, professional development and timely access to legislative and policy news. Our membership base covers school professionals working in finance, accounting, operations, facilities, transportation, food service, technology, communications, human resources, purchasing and safety services. While diverse in areas of specialty, all members share a common goal - to support classroom learning in schools during good and bad economic times through smart business practices. PASBO helps make that goal a reality.

"Hatboro-Horsham benefits from PASBO because of the network of business people involved and eager to exchange ideas about cost-savings and revenue generation strategies that have worked in their respective school districts. Our business office gets constant updates on what is happening at the state level so we are kept very well informed. I believe we are a stronger and more aware school district because of PASBO."

*-Curtis Griffin, Superintendent of Schools,
Hatboro-Horsham School District*

"The sharing of knowledge among the PASBO members on the many aspects of our position in school business is invaluable. I'm certain that I would be hard pressed to acquire the necessary information and skills to do my job without the assistance of the leadership of PASBO."

*-Randy Hensinger, Business Administrator,
Lehigh Career and Technical Institute*

Why should I join PASBO?

There has never been a more critical time to join PASBO. Challenging times call for wise and informed decisions. PASBO supports its members by providing:

FIRST-HAND ACCESS TO TIMELY LEGISLATIVE AND POLICY NEWS

- *PASBO Report* – monthly newsletter
